

SURFACE NO. III

PARTS

ASSEMBLY

PRODUCT

Surface No. III is an object designed to function as a table, bookshelf, and stool. Composed of milled Dibond® Mirror elements, it is assembled through a simple plug-in system. Each element carries aluminum on one side and mirror on the other, allowing its orientation to be freely chosen. The object can be easily disassembled and returns to a perfectly flat state. It is compatible with a round cushion up to 38 cm in diameter.
